Changes to our Carpark and Disabled Parking spaces

To enable better and safer access to our buildings for all users, and to provide more mixed parking capabilities in our vary limited parking area, we are making the following changes to the car park. Please observe any signage changes and take note of the following specific details:-

- The current **Office Manager** space at the top will be narrowed and converted into a Motorbike and Push Bike (with rack) **ONLY** space. It will not be big enough for any size vehicle, so please do not try to park there, as you will damage your car. Signage will be updated accordingly.
- The current **Ministry Team** space will be relocated to the top of the south side area next to the tank fence, and the existing space will be moved towards the new Bike space and become the **Office Manager** only space.
- The two **Disabled** spaces will be slightly moved and both **widened**.
- The ramp will be moved and the access area between the **Disabled** spaces will be widened to dissuade people blocking the ramp and to ensure the safe passage of persons with special needs, walkers and scooters on to the ramp.

People wishing to use the **Disabled** spaces **MUST** display a current, valid, authorised sticker **in their name** at all times, OR they must be transporting a valid voucher owner **at the time they park in that space**. Cars found parked in those disabled spaces without the conditions of the disabled voucher being met will be advised to the Monash City Council who issue the vouchers and control the conditions of use.

We have tried the commonsense, fair and reasonable approach, but unfortunately not everyone has shown those same attributes. We will be circulating these changes in English and Chinese to all church groups and hirers.

If you have any questions, please speak to the Chairperson of the Property Committee - Warren Greenwood.

The pack includes small travel soaps. If anyone has any small travel soaps they can donate to the office it would be greatly appreciated.
